I would like to ask for permission to speak at the upcoming council meeting on Thursday about the above proposed development on Mill Street. Although I have spoken at both public meetings I would like to express my concerns at the council meeting ahead of their decision. I believe that this proposed development isn't in congruence on what Woodstock is nor wants to be. I also think that the surrounding infrastructure isn't currently up to the excess load that this development will demand, and the developer's representative acknowledged this issue but said it was up to the city to figure it out (in terms of the traffic loads). Which, I think, does not make a good community minded partner for us. Specifically load on roads, schools and other community resources.

Thanks for your consideration.
