DIVERSITY EQUITY AND INCLUSION CHARTER

Diversity, Equity, and Inclusion Charter

Pursuant to its mission, Safe and Well Oxford is committed to building an equitable, barrier-free, and inclusive society for people who live, work, visit, and invest in Oxford County.

Oxford County and Area Municipalities have a broad range of responsibilities that require an investment in organizational culture to counter racism and discriminatory behaviors and practices, and to ensure that a safe, welcoming, and accessible community exists for all citizens in a way that respects their dignity and independence.

The Diversity, Equity, and Inclusion (DEI) Charter sets out the commitments, calls to action, and shared responsibilities for achieving the vision of the Safe and Well Oxford Plan: “Communities where individuals and families feel safe, supported and included, and where they can access what they need, when they need it, to live fully.”

“Communities where individuals and families feel safe, supported and included, and where they can access what they need, when they need it, to live fully.”

I

Commitments

Development of Safe and Well Oxford's first Diversity, Equity, and Inclusion Charter, led by the Diversity, Equity, and Inclusion (DEI) Action Coalition with the support of Oxford County and Area Municipalities, is another step to address, prioritize, and advance diversity, equity, and inclusion initiatives in all aspects related to internal and external interactions with staff and communities.

This Charter is grounded within the principles of Ontario's Human Rights Code and the Seven Grandfather Teachings, i.e., Wisdom, Love, Respect, Bravery, Honesty, Humility, and Truth. Therefore, commitment to this Charter further affirms and fosters the implementation of legislation and the principles of the Indigenous teachings within the governing structures.

The Safe and Well Oxford DEI Action Coalition calls upon Oxford County and Area Municipalities to recognize these commitments as best practices.

Employment

As employers, Oxford County and Area Municipalities should:

- Utilize transparent and inclusive recruitment, retention, and promotion practices that support employee attraction, retention, and empowerment.
- Remove non-essential credentials or qualifications that would hinder having a diverse pool of applicants and an equitable recruitment process.
- Actively work to attract a diverse and talented workforce that reflects the changing demographic makeup of Oxford County.
- Create an inclusive and equitable work environment that fosters mutual understanding, respect, and growth through education, awareness, and training opportunities for all staff, including management and councillors.
- Provide staff training, development, and ongoing learning opportunities that facilitate equity and inclusion at individual, organizational, and community levels.

Service Delivery

As service providers, Oxford County and Area Municipalities should:

- Ensure service delivery models are inclusive and accessible to all community members, not just those who have traditionally requested the service.
- Be open to exploring new ways of delivering services and review existing service delivery using an equity lens to engage historically underserved, underrepresented, and equity-impacted groups, recognizing those identities within the Ontario Human Rights Code as guiding principles around inclusion.
- Provide services that respond to the diverse needs of the community.
- Train staff on inclusive, accessible, and equitable customer service.
- Build transparent and accountable relationships and systems.

Economic Partnerships

As purchasers of goods and services, Oxford County and Area Municipalities should:

- Communicate procurement opportunities locally and broadly to promote equal and equitable opportunities.
- Ensure existing local purchasing relationships do not come at the expense of new and emerging supplier options.
- Hold suppliers accountable to a code of conduct that reflects diversity, equity, and inclusion, and addresses accessibility barriers and/or discriminatory practices, when engaged in activities on the County's behalf.

Community Partnerships

As community partners, Oxford County and Area Municipalities should:

- Support the efforts of diverse communities and community organizations to promote inclusive and accessible changes, equitable opportunity, and respect for all.
- Collaborate with groups, communities, other Action Coalitions, and external organizations within Oxford County to advance diversity, equity, and inclusion initiatives.
- Recognize a diverse range of significant dates, holidays, and grassroots efforts that reflect the people of Oxford County.
