I have reached out to parks department regarding a tree in our front lawn that is causing harm to our vehicles with sap dripping on them continuously . and branches growing towards the windows . They have taken the position of "the tree is on private property " however since I did not plant the tree nor had a say in the planting location and/or the species of the tree , how can it be my responsibility . I would like the opportunity to get councils view on this matter as I believe not everything is as " black and white "as the parks department makes it seem.

The city planted the tree with no consultation with me ( they now tell me its on my property ) , The tree belongs to them that is causing hardship to our driveway , cars , and home .

The rectification in my respectful opinion is either

A- remove the tree form the property

B- trim the tree down and maintain it going forward .
