- **Use the space below to clearly outline your purpose for presenting to council. Provide a brief outline of your subject matter including your suggested outcome.**

I would like to speak about our cities homeless response and responsibilities. I will provide data on modern demographics, barriers of our current shelter operations, and regional comparisons. I will provide data regarding new applications for shelter and supports over the last year to highlight the rapid growth of the unhoused population and the urgency for change. When people's lives are on the line, prioritizing change becomes not just a matter of urgency, but of life-and-death importance. In such situations, making the necessary changes immediately can be critical for saving lives, preventing harm, or addressing a crisis. I would also like to request and additional 5 minutes for my presentation.
