Re: Street Naming – Former Woodstock Hospital Subdivision

AIM

To name one new street in the former Woodstock Hospital Subdivision.

BACKGROUND

The former Woodstock Hospital property has obtained Draft Plan of Subdivision approval, and the developer, Reeves Land Corporation, is moving forward with detailed engineering design. The property is located within the block bordered by Vincent Street, Riddell Street, Brant Street, and Wellington Street North. The proposed subdivision includes the creation of one new street (see attached figure). The street is to be constructed and dedicated to the City as public highway and therefore must be named to the satisfaction of City Council.

COMMENT

The new street proposed in the former Woodstock Hospital Subdivision, identified as Street A on the attached figure, currently requires naming. The developer has suggested the name “Len’s Way” for the new street, named after the developer, himself.

Options Available to Council Include:

1. Naming the new street as per the suggestion above.
2. Choosing a name from Council’s list of proposed street names (attached).
3. Some other option.

RECOMMENDATION

That the new street be named as per Council’s direction.
