

Correspondence from Cody Zimmer

The petition - I was originally going to go through and highlight all the names of local people but am not able to now. Readers can see for themselves how many more locals want fireworks than the original complaints which has been logged around 80 something over two years, working on the assumption they are different individuals over the two years, which I don't believe they are.

Screen cap of Toronto's fireworks bylaw policy/ bird city listing for Toronto- This is being submitted because Toronto allows fireworks and has been granted status of being a bird city, with a high ranking no less . This means Woodstock can do the same. Full pages of both can be found at -

<https://www.toronto.ca/city-government/public-notices-bylaws/bylaw-enforcement/fireworks/>

<https://naturecanada.ca/defend-nature/how-you-help-us-take-action/bfc/#certified>

I have more information I can share in September (depending on what happens) but this is the strongest of it.

Fireworks

The [Fireworks Bylaw](#)  regulates the use and sale of fireworks in Toronto.

Fireworks are only permitted on your private property until 11 p.m. on Victoria Day and Canada Day. A permit is required to set off fireworks on all other days.

Fireworks are not allowed in parks and on beaches. You are also not allowed to set off fireworks in a street, a parking lot, on a balcony, or on any private property that is not your own.

[Contact 311](#) to report the use of fireworks in a City park or beach, illegal sale and possible misuse of fireworks. Please note that bylaw enforcement officers are not emergency responders, do not respond to complaints on an emergency basis and do not have the authority to immediately stop events.
